Installation of PERRIN License Plate Delete

1. Remove existing front license plate from car.
2. Locate holes in bumper as shown below as this is where you will be screwing supplied hardware in future steps.

Screws Into Existing Holes

3. Decide which side of plate you want showing and using supplied screws, mount plate to car.
4. Install supplied screws through PERRIN plate delete and tighten until plate no longer can move around. Do not over-tighten as this can strip out plastic holes in bumper.
5. After a few days of driving, check that screws are still tight to ensure plate doesn't fall off car.
