✓ Ball Mount

✓ M6 x 1 x 35 Socket Head Bolt

✓ M6 Flat Washer

Installation and Assembly

- ✓ Exploded View

1. Park your car in a flat, level area
2. Locate the M6 x 1 x 35 Bolt, M6 Flat washer and the Ball mount. Slip the bolt through the washer and then into the mount.

3. Using your M5 Hex Key, install the ball mount into the rear portion of the mount halves.

4. Grab the Double Ball End Clamp and attach it to the ball you just assembled, and the ball mount to t-slot adapter.

5. Slip the correct insert adapter over the grab handle (See Below). Match the angled and flat sides of the adapter to the handle dimensions.
2017-2020 F-150 / Raptor - Mount #416
2021 F-150, Raptor - Mount #400

6. Pop the pre-assembled mount onto the bushing, keeping it between the two ribs on the mount. Then using your M3 Hex Key and the two M4 x 0.7 x 12 Socket head bolt, install the front part of the mount hand tight.

7. Rotate everything around so that you're happy with where the Accessport sits, then you're all done! Go out and enjoy!
